MICHIGAN UNDERGRADUATE CATALOG UPDATE FORM

INSTRUCTIONS

This form will serve as a quick guide to general information for recent catalog updates.

All accurate catalog information remains on institution websites. External institution staff and faculty should refer to catalog links for up to date information when determining transfer equivalents and developing transfer guides.

This form does not ensure transferability of courses. Special attention should be paid to all pre-requisite and co-requisite course requirements on updated or new courses listed in this form.

Step 1:

PART I - General institution information. General email inbox is helpful to avoid staff changes. Use direct contacts as appropriate to answer course or program specific questions. Use website links when possible along with notes in case link(s) change after submitting the form.

PART II to be filled out by any office in your institution that monitors or has access to catalog updates. It is also helpful to have your institution 'transfer services' or transfer advisors review information.

Step 2:

Save form as pdf.

File name format - "SCHOOL NAME-CATALOG YEAR-Updates"

Example: "Ferris 2024-25 Updates"

Note: DO NOT save as MCC or other shortened named that is unclear.

Step 3:

Upload to mittransfer.org > Doc Repository > Undergraduate Catalog Updates.

Repeat steps 1-3 with additional forms as needed, saving each form as a new name and possibly revision number.

Form approved and uploaded to repository (Contact Information, Date):
