

Faculty from community colleges, public universities, and independent colleges and universities in Michigan identified the common courses that are appropriate for the first and second year of the bachelor's degree programs at all participating universities.

ART

Pathway Course
2D Design
3D Design
Art History I
Art History II
Drawing I

BIOLOGY

Pathway Course
Biology I (Cell, Molecular)
Biology II (Organismal)
General Chemistry I
General Chemistry II
Organic Chemistry I
Organic Chemistry II

BUSINESS

Pathway Course
Business Law
Financial Accounting
Managerial Accounting
Macroeconomics
Microeconomics

COMMUNICATION

Pathway Course
Interpersonal Communication
Public Speaking
Small Group Communication

CRIMINAL JUSTICE

Pathway Course
Introduction to Corrections
Introduction to Criminal Justice
Introduction to Psychology
Introduction to Sociology

EXERCISE SCIENCE

Pathway Course
Anatomy & Physiology I (w/Lab)
Anatomy & Physiology II (w/Lab)
General Chemistry I
Introduction to Psychology
Overview of Exercise Science

MECHANICAL ENGINEERING

Pathway Course
Calculus I
Calculus II
Calculus III
Chemistry I (w/Lab)
Differential Equations
Dynamics
Mechanics of Solids/Strength of Materials
Physics I
Physics II
Statics

PSYCHOLOGY

Pathway Course
Abnormal Psychology
Developmental Psychology
Introduction to Psychology
Social Psychology

PUBLIC HEALTH

Pathway Course
Community Health
Introduction to Public Health
Introduction to Psychology
Introduction to Sociology
Nutrition
Personal Health/Wellness

SOCIAL WORK

Pathway Course
Human Biology
Introduction to Psychology
Introduction to Social Work
Introduction to Sociology
